- Councillor Rayson asked whether the installation of a water butt at Sidmouth Cemetery was just an interim measure and whether the water pipe would be repaired. Councillor Hughes replied that the cost of replacing the lead pipes was prohibitive and he had suggested that addition water butts should be installed to make use of the run-off water from the chapel downpipes.
- Councillor Rayson asked for an update with regard to the Sidford to Sidbury cycle path. Councillor Hughes replied that this project now faced some delays as the cost of Phase I had been recalculated at £1.3m and Phase II at £0.5m which together made the project unaffordable. Councillor Hughes had now suggested that the project be split into 3 Phases with the first, from The Byes to England's Close, being implemented during 2016.

50 Sundial and Toposcope on The Esplanade

East Devon District Council's Streetscene reported that the Sid Vale Association had contacted them regarding the sundial and toposcope on The Esplanade. The plinth of the sundial had been patched up but was getting beyond repair and there was currently a large chunk missing from the column which would be patched again as a temporary measure to see it through the summer. The plinth of the toposcope was also cracked and likely to be heading the same way.

The SVA had supplied an article from their newsletter dated July 1983, detailing a ceremony to 'hand over' the sundial & toposcope to EDDC and Sidmouth Town Council. It noted that EDDC 'has kindly undertaken to look after them' (i.e. maintain - not replace.) The SVA was keen to renew the features, and had indicated that it may make a contribution towards costs. The Town Council was asked whether it would be able to assist with finance for the project

RESOLVED: that this be deferred until the August meeting when all the quotes for manufacture and installation had been received.

51 Town Centre Flagpole Brackets

At the meeting of the Tourism and Economy Committee held on Monday 15 June it was suggested that although the town was looking spectacular with bunting and flags flying, there were a number of locations around the town where there were no brackets to display flags. The Chamber of Commerce had suggested that the Town Council considered purchasing additional brackets which the Chamber could arrange the fitting and maintenance of. Councillor Barlow asked Members to consider purchasing up to 50 brackets at a cost of £25 per bracket.

RESOLVED: that Sidmouth Town Council purchase brackets at a total cost of up to £1,250 for distribution by the Chamber of Commerce for business premises in Sidmouth. Individual businesses would be responsible for insurance and future maintenance.
