

# WATER SAFETY NOTICE

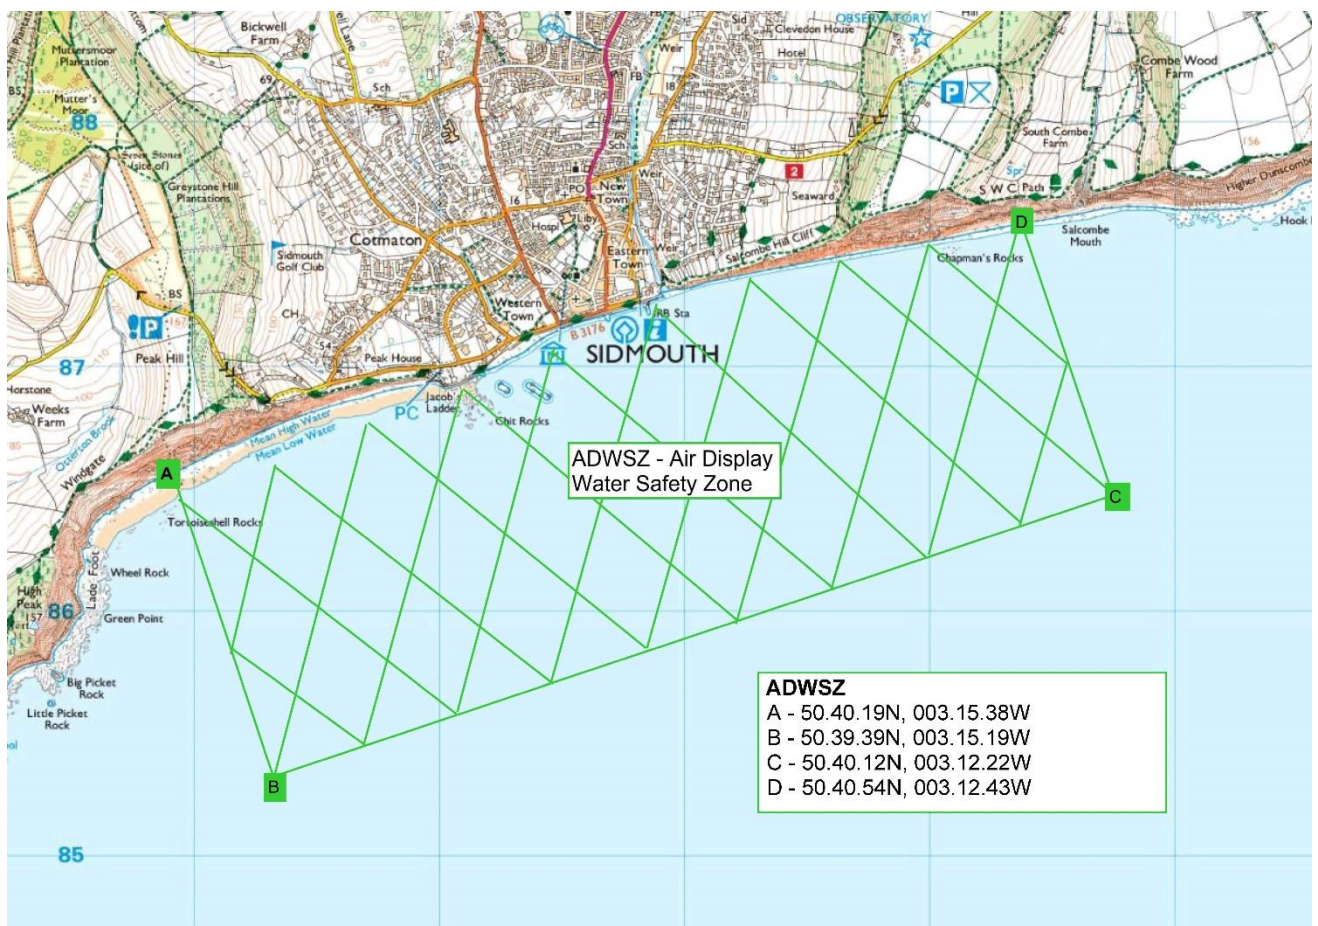

## Sidmouth Air Display - Friday 26 August 2022

In anticipation of the much-anticipated Air Display from Sidmouth at 5.15pm on Friday 26 August, we politely request that spectators and in particular, boat, jet ski and kayak/paddleboard owners take note of the following:

On safety grounds and on the Flying Display Director's instruction, a temporary **Air Display Water Safety Zone** (ADWSZ) will be in force (and being patrolled) on the water offshore of Sidmouth Beach. No vessels will be permitted in this area between 5.15pm and the end of the display\*. The display is scheduled to commence at 5.15pm (based on current information) and will last until approximately 7.00pm

\*The restriction does not apply to the Emergency Services

The ADWSZ will be marked by coloured buoys and patrolled by Sidmouth Lifeboat and associated craft. The exclusion zone is indicated on the map below:

A failure to comply with this restriction could result in the air display being delayed, curtailed or even cancelled. We therefore encourage spectators to watch the display from one of the many vantage points on shore.

### General Safety

May we also take this opportunity to remind the public, particularly those with small children and/or pets to be aware of loud jet noise during the display, and to ensure that adequate ear protection is worn where appropriate. As always, please remember to wear sun cream and to stay hydrated.

Thank you - we hope you have a fantastic day and enjoy the display.

*Christopher E Holland, Town Clerk*  
*Sidmouth Town Council*
